

Purifying scented cleaner for A/C Filters

Product Description

CHINOOK is an effective cleaner specifically formulated for cleaning the filters of any type of indoor unit (split, fan coil etc). Its non-aggressive formula for filters material and operators, guarantees a safe and deep purifying action.

Ready to use, it cleans quickly and effectively. It easily removes easily smog, dust, mold, bacteria and microbial contaminants accumulated over time, leaving a pleasant scent.

It acts in just 5 minutes and rinsing is required.

Chinook does not leave harmful residues in the environment. It is suitable for the HACCP plan.

For a correct maintenance of the system and to guarantee a good quality of the air, we recommend a monthly cleaning of the filter. The frequency of the cleaning depends on the type of environment in which the A/C unit is installed.
